Introduction

Welcome to your Forecast Report

This report shows the astrological trends influencing your life over a period ranging from days to months or years, depending on the time frame used.

The duration of each trend is indicated by a starting date, an ending date and strongest influence date. Further, an influence may begin before the time frame of the report or end beyond it.

The accuracy of the timing of the forecasts is dependent on the accuracy of the birth time. Be prepared to slide the sequence of trends either forwards or backwards in time if necessary. In some instances, there may be interpretations that repeat themselves. This is due to the cyclical and forward and backward motion of the planets activating points on your chart more than once in the period under review.

As you will find, the forecast interpretations can be positive and/or challenging. Their effects can be experienced either directly personally or through events in the lives of others in the environment. Some trends will be more apparent than others, while others may be more subtle. What is most important is how you respond to them.

11 April 2017 - 17 May 2017, strongest around 29 April 2017, Transiting Uranus is Square your Natal Saturn

This can be a trying and tense period for you. Your powers of adaptability and endurance will be tested now, as you experience the sudden breaking down of old and familiar patterns and structures in your life. We all need structure in our lives in order to function properly; however there are some structures we create that actually prevent us from growing and moving forward. Those areas of your life that you find restrictive and inhibiting will be targeted first. Nothing is permanent; even those aspects of your life you think are rock solid. It is now the time to unlock the padlock in your mind and break out of any self-limiting patterns. During this period you could do something like walk out of an oppressive relationship, throw in an unfulfilling job, or take risks you wouldn't ordinarily entertain. This is an unpredictable time, but if you stay true to yourself and let go of those areas in your life that are holding you back, the long-term gains far outweigh the short-term disruptions. Under certain conditions, sudden separations or confinements can occur during this transit.

25 May 2017 - 24 June 2017, Transiting Jupiter is Sextile your Natal Sun

Providing your chart is free of other more challenging transits from the "Big Four" - Saturn, Uranus, Neptune or Pluto, this should be a comparatively relaxed and harmonious period for you. Whatever you want to achieve at this time you will. However, your successes now are equivalent to the efforts you put in. A problem is that you may be inclined to just kick back and enjoy the feeling of contentment associated with this transit. Travel, business or financial matters can all be beneficial now, if other factors support these. Also, you are presently well-aspected for making contacts with people who can help you socially or professionally.

30 May 2017 - Beyond 1 Dec 2017, Transiting Pluto is passing through your 11th House

Transiting Jupiter is Sextile your Natal Uranus**

This is an excellent transit for making positive changes in your life and the lives of those around you. Your mind is open to the idea of experimentation and discovery; consequently you could travel, start a new course of study or rally support for a cause. You could use this period for learning something new, such as a foreign language or a useful skill. Your powers of comprehension are accentuated now, enabling you to understand things more quickly than usual.

**13 September 2017 - 22 September 2017, strongest around 18 September 2017,
Transiting Jupiter is Square your Natal Saturn**

This is one of the more testing transits of Jupiter, but it is by no means unmanageable. Advancement in life at this time seems slow or cumbersome, and everything you want to achieve appears to take a lot more effort than usual. Any progress you make comes at a price and it will probably feel that life is moving along at the rate of three steps forward and two steps back. Also, there can be temporary setbacks and possible financial constraints or worries. At an inner level, you are likely to feel discontented, for no apparent reason, and your self-confidence may be temporarily dented. However, as you will discover, this state of affairs will not last for long. The best way for you to deal with things now is with patience and to persevere in your endeavours. Professionally, if your work is unsatisfying, you may decide to change jobs, but only take such a step if you have something better to go to. Buying and selling property is often successful with this transit, providing you don't over-extend yourself financially.

**16 September 2017 - 20 October 2017, strongest around 6 October 2017,
Transiting Saturn is Square your Natal Mars**

During this period you will often feel like you are driving with the handbrake on. Advancement will be painfully slow and there will be obstacles to overcome. Other people, circumstances outside of your control, or even your own inertia may hinder your progress, or prevent you from achieving your objectives. Still, you can accomplish a great deal, which will be of lasting value, through applying yourself to the task at hand with tenacity and determination. Avoid high-risk environments and guard against accident proneness.

22 September 2017 - 2 October 2017, strongest around 27 September 2017, Transiting Jupiter is Sextile your Natal Moon's North Node

Relationships and group activities seem to be relatively free of conflict or discord during this period. You find it easy to get along with others now and any new contacts established at this time are likely to have beneficial outcomes.

9 October 2017 - 18 October 2017, strongest around 14 October 2017, Transiting Jupiter is Square your Natal Jupiter

During this period, you will tend to view life more positively and optimistically than usual. Expect your understanding of the world to broaden - this may be experienced through such things as long-distance travel, higher education, or simply by being more outreaching and embracing of life and others. However, there is a need to caution against extending your scope of activity beyond what you can reasonably manage - or of losing your sense of proportion and perspective. At its best, this transit brings the rewards of hard work commensurate to the amount of energy you put in. But if you simply sit around enjoying the feelings of well-being it induces, you will have little to show for it after it passes. While this can be a financially prosperous time, you would do well to guard against wasteful or extravagant tendencies. Also, it is not uncommon for some people to get a superiority complex during this transit and end up arguing with others, especially over matters of outlook or philosophy.

11 October 2017 - Beyond 1 Dec 2017, Transiting Jupiter is passing through your 9th House

This is one of the best transits for travel or academic work. You will have a strong desire to broaden your horizons and mental focus, so you will probably read, study and travel more now than usual. Philosophical and metaphysical subjects are likely to interest you a great deal during this period. If you have any aspirations to become a published author, you should attempt to have your work ready to show a publisher now.

14 October 2017 - 23 October 2017, strongest around 18 October 2017, Transiting Jupiter is Trine your Natal Venus

While not an especially strong transit in its outward effects, Jupiter in harmonious aspect to Venus can make for a pleasant and relaxing interval. If you are aware of its timing well enough in advance you may like to plan a short holiday or social occasion to coincide with its duration, because either should be successful. Travel is also well-aspercted under this influence. Relationships tend to go well now.

16 October 2017 - 25 October 2017, strongest around 21 October 2017, Transiting Jupiter is Square your Natal Mercury

You are motivated now by the urge to expand your outlooks on life and broaden your horizons. You are currently well-aspercted for local and international travel or higher education and intellectual work, and success in any of these areas is to be expected,

providing you have done the required preparatory work. However, don't expect to pass an exam on the strength of this transit alone; your results will reflect your prior efforts. You will have big plans at this time; just make sure that they are reasonable and realisable. With this transit, there can be a tendency to get so wrapped up with an idea or plan that important details get overlooked or ignored. Therefore, you will benefit from listening to other people's opinions about your ideas, because they can offer constructive criticism and advice. This could be a good time to improve your career prospects, especially in areas related to communication, computing, language, commerce or law.

24 October 2017 - Beyond 1 Dec 2017, strongest around 19 November 2017, Transiting Uranus is Square your Natal Saturn

Under certain conditions, sudden separations or confinements can occur during this transit.

During this period you will be more involved with your friends and their interests or concerns and perhaps their problems. Possibly, you will also have more to do with your professional friends - both professionally and socially. Also, this could be a good time to mix with influential people, as they can help you in your career. **6 November 2017 - 16 November 2017, strongest around 11 November 2017,
Transiting Jupiter is Sextile your Natal Pluto**

This is the "positive use of power" transit. You may find yourself, at this time, demonstrating that you have what it takes to encourage people to follow your lead. And they will, providing your intentions are for the common good. The secret to getting things done together with others is for you to lead by example, yet to remain one of the guys. However, should you set yourself apart from others, you will only end up feeling alienated. A person that you respect or who holds power may take a shine to you at this time.

**14 November 2017 - 23 November 2017, strongest around 19 November 2017,
Transiting Jupiter is Conjunct your Natal Neptune**

At this time, you are especially susceptible to external influences and prone to seduction. You are at risk from viewing life and others through "rose-tinted glasses". Take particular care with "sure bets" and "get-rich-quick schemes", because there is a very real danger now that your ability to make financial judgements is seriously impaired. Also, should this transit coincide with a medical concern, you could benefit from obtaining a second opinion. Positively, your inner and spiritual life is enhanced now; more so than at just about any other time. You have a great wealth of feeling and compassion, coupled with a deep and sincere desire to look after or help those in need. Your interest in metaphysical subjects is likely to grow now and you may experience unusual insights. If you are in any way musical, artistic or creative, you can expect your powers of inspiration and imagination to get a boost now. Travel under this influence is usually beneficial.

You are more than willing to take responsibility for another or others. Associations of a wide age difference are beneficial.
